The maximum gross density allowed for new residential development in the C-1 district is 16 dwelling units per acre with a minimum gross density of 8 dwelling units per acre, unless constraints of concurrency or preservation and/or conservation features preclude the attainment of the minimum density. The residential uses are required to be located on the second floor or above a building containing commercial or office uses on the first floor. Mixed use projects in the C-1 district are encouraged, but are not required. In order to maintain compact and non-linear characteristics, C-1 districts shall not be located closer than ¼ mile to other C-1 or C-2 districts or to parcels containing commercial developments including more than 20,000 gross square feet of floor area and shall not exceed 15 acres in size.</p>		<p>(1) Antique shops.
